

WeCare Centers

A NEW MODEL FOR COLLABORATION IN UKRAINE

Help for today – Hope for tomorrow

Many Ukrainians remain in their homes despite missile and artillery attacks. But hundreds of thousands from the intense war zones have left their homes seeking safety in other parts of the country. These internally displaced people (IDPs) are mainly women and children who have few options for meeting their personal, housing, or employment needs.

Our Vision

To be the hands and feet of Jesus in Ukraine - today in the moment of crisis; tomorrow in the post-war restoration. Each WeCare Center is led by a local team that includes a Director, Operations Administrator, and Chaplain. They work with many area volunteers, receive ongoing training from the Institute for Leadership and Coaching, and are guided by BMA Values.

BMA Values

Biblical

*Love God
and love our
neighbors*

Missional

*Express love by
being of service
to all people*

Accountable

*Fulfill our responsibilities
to God and others with
wisdom and integrity*

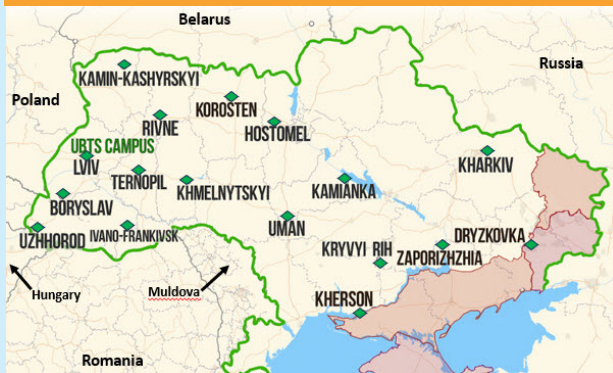

WeCare Centers: Essential to alleviate suffering now Crucial to restore post-war Ukraine

With leadership and oversight from UBTS, local Ukrainian leaders have mobilized resources in their communities and from abroad, creating 17 WeCare Centers to cope with the war's impact and the influx of IDPs.

Each WeCare Center provides humanitarian aid, trauma counseling, and childcare along with other vital services most needed in each specific community.

We Care Center Locations

As of June 2023, WeCare Centers are supported by:

101 partner churches and organizations

380 Ukrainian volunteers

They have served 112,000+ people.

A unique opportunity

Supporting WeCare Centers that are locally managed with **training and oversight by UPF/UBTS** to ensure **integrity and effectiveness** is a unique opportunity for philanthropic minded people to maximize the impact of their gifts to Ukraine.

While all gifts are welcome, we hope many donors will consider a multi-year commitment, which enables us to make strategic decisions about resource allocation.

Thank you.
Please continue to pray for a miracle in Ukraine.

About Us

Ukraine Partnership Foundation (UPF) exists to help raise up dynamic Christian leaders in Ukraine.

Ukrainian Baptist Theological Seminary (UBTS) provides certificate, undergraduate and graduate training to develop qualified Christian leaders.

WeCare Centers unite churches, businesses, and local government to help alleviate the pain of the war.
